Principal's Notes

Music Night :

Our annual Music Night takes place tonight, Thursday 17th September at 7.00pm in the hall on the east campus. This is traditionally an outstanding night's entertainment with the talents of all of our music students on display for all to enjoy. I would like to invite everyone to come along and share the evening with us. See for yourself the way the talents of our students have been nurtured and grown by our Instrumental Music teachers, Mr Chen, Mr Cheng and Mrs Ross.

7.00pm in the hall on the east campus – see you there.

Thank You :

I am disappointed to inform our community that Mrs Jenny Clark who came back to us from Africa at the beginning of this term will not be able to finish the year. In her place Mr John McIntyre will take over her classes. I am sorry to lose such a dedicated teacher and would like to thank Mrs Clark for her work with our classes this term.

Interim Reports :

End of term III reports are available on Compass today for parents to access. Parents simply need to log in to Compass and click on the report tab to see their son or daughter's interim report. If you would like a hard copy and are unable to print this yourself you are welcome to contact our office and we can print off a copy for you. Access to reports will be opened to students at 2.00pm on Friday. Students also simply need to log in to Compass to view their report.

Presentation Ball 2016 :

It may seem a little early but we have already begun preparations for next year's Presentation Ball so that it can be held during term I and students can then focus on their studies for the remainder of the year. The date set for the Presentation Ball in 2016 is Friday the 18th of March. I am pleased to say that past teachers Mrs Sue Smith and Mr David Fisher have agreed to look after the organisation of the ball for next year. They will work closely with students and parents and the school and will have initial meetings of participants towards the middle of term IV this year. To avoid the duplication of work we have also agreed to work more closely with Monivae College for next year so that both Presentation Balls take place close to each other thus avoiding a lot of double up that takes place when the two events are weeks apart.

100 Year Anniversary :

The new date for the 100 Year Anniversary celebration is now the Saturday of the Queen's Birthday long weekend in June, Saturday 11th June 2016.

Bus Scholarships :

With the tightening up of eligibility rules for free bus travel, many students are no longer able to attend their school of choice without incurring quite large fees for bus travel. If you are one of those families I would like to remind families that Baimbridge College is able to make available a bus scholarship to students who live outside our 'catchment' and satisfy a set of school based requirements. The scholarship will pay bus fees for a limited number of successful applicants. If you would like to apply for one of these scholarships please apply to me in writing and we will arrange an interview. Scholarships are valid for one year and may be reviewed more often if circumstances change.

School Review :

Mr Peter Gannon and Mr Graeme Bastion are our reviewers in 2016, and I will be having an initial meeting with Mr Gannon in October this year. The review will take place over four days in term I 2016. The dates we have set aside are 22 and 23 February and then the 9 and 10 March.

End of Term :

The last day of term III is Friday 18th September with classes finishing at 2.30pm on that day. Interim reports will be published on each students Compass account for parents and students to read. Term IV will resume on Monday 5th October with our Year 12 students having only two weeks or so left of their school year before exams begin with English on Wednesday 28th October.

Compass :

Our online student management system, Compass, has been enhanced this year. Parents should have their own personal log on which is different to their son or daughter's. The system is accessible anywhere the internet is available on computer, smart phone, tablet or other mobile device. The website is <https://baimbridge-co.vic.jdlf.com.au/login.aspx> If you require more information accessing the system please contact the school. There is a link on our website to help you should you forget the address.

If there are any questions or concerns I urge parents and guardians to contact myself, our Assistant Principals Mr John Hill and Miss Rosemary Morgan or the relevant Co-ordinators.

HITTING THE RIGHT NOTE AT BAIMBRIDGE.

Baimbridge grades Prep to Four students are in a unique and enviable position of receiving instrumental instruction, both in groups and as individuals.

All of the young students enjoy violin tutorials on a weekly basis. This instruction is performance based. Students are given opportunities to perform to peers, parents and the wider community at assemblies and concerts.

These experiences allow students to gain musical knowledge and skills, along with a sense of achievement and greater self-esteem.

As part of their Literacy and Values programs, the Prep to Four students were asked to write a letter of appreciation to the Baimbridge Music Faculty, consisting of Mrs Heather Ross, Mr Peter Cheng and Mr Johnny Chen.

LETTER OF APPRECIATION TO MUSIC STAFF From STEPHEN ROACH Grade 3

Dear Mrs Ross, Mr Cheng, Mr Chen,

I like all the music lessons we have. It's just a Golden Eagle waiting for music. It's a shining Mocking Bird, waiting to sing along. It's just a pack of singing wolves. It's just a diamond heart beating in the music. It's a gorilla waiting to dance. It's a morning breeze waiting to make music. It's a crab waiting to click. Music is so fun! It's such a fun thing since I only had computer, library, gym and RE lessons at Bundarra.

My heart bleeds for the fun of music.

Mr Cheng, you play fun activities with us!

Mrs Ross, you show me how to play the tambourine.

Mr Chen, you show me how to play violin. All three of you are like a musical family, all put together. You should teach us all at the same time one day.

Hopefully, we will try new things and new experiences. I know I have been here for one & a half terms, but I really like music. You are my favourite class and I love all of the things you have shown me. My favourite song is Aura Lee. I love it.

Please have a heavenly life and happy days.

Baimbridge Golf

An intermediate team consisting of Scott Nippres, Daniel Battista, Samuel Hill and Gus McIntyre travelled to Heywood to take on the best in the district under the guidance of Mr Hill. It was beautiful spring day and although the course was still very boggy in places and the fairways very long the greens were top quality and very quick. The competition was 9holes stroke teams and individual with our boys scoring consistently to register a total of 243.

Daniel Battista was our best performer with a 51. We ended up coming second overall by only 3 strokes. Well done boys. Scott Nippres played on greens for the first time (above photo).

Dear Principal

**Concerning the National Self-Detection Program for scoliosis (NSDP)
The online discussion forum at Scoliosis Australia (www.scoliosis-australia.org)**

We are writing again this year to remind school Principals that July/August are the months when it is recommended that all schools with girls in Years 7 and 9 participate in the NSDP by downloading the Self-Detection Brochure for Scoliosis then copying and distributing the brochure to their pupils. The brochure can be accessed directly via a link on the Scoliosis Australia home page at www.scoliosis-australia.org. We thank you if you have taken part in the exercise in the past and, if not, we ask that your school participate in this important program.

Scoliosis (spinal curvature) is an important health problem for adolescent girls and 25 per thousand are at risk of developing a significant curve. Three girls per thousand require active treatment (spinal brace or surgery). Because in the early stages the condition is most often asymptomatic, screening in the age range 11-13 years is a sound preventative health measure. When school screening for scoliosis was abandoned we introduced the Self-Detection Program as a practical alternative. Our policy on the matter is fully explained on the website.

The website contains comprehensive credible information about the symptoms and treatment of scoliosis. Using the forum on our website, girls and their parents can obtain general advice from certified specialists who manage patients with spinal curvature. The forum is a useful resource in providing searchable information posted by its members. It offers a strong support base for adolescent patients with scoliosis and their parents. Healthcare professionals and other interested parties can discuss the NSDP in the forum.

Enquiries concerning the NSDP in each state and territory should be directed to the state and territory representatives as detailed on our letterhead and whose contact details are listed on the website.

Thank you for your co-operation. We welcome comments from you and your staff.

Yours sincerely

POTATO OLYMPICS

The opening ceremony was a great time for potato kind. The potatoes all had their owners, put them on their hearts and wished them all good luck. It was also nice for all the potatoes from far away to have a chance to catch up with everyone and have loads of fun in the process.

For those who don't know what the opening ceremony is at the beginning of the Potato Olympics. It makes the games begin officially and it is so we can see the flame burning up the front. We all had fun and that's the main thing.

THE POTATO ROLL.

For this event we had to crouch down and let our potato roll down the ramp. If the potato rolled over the edge it was disqualified. This was a great event in the Potato Olympics and we can't wait to see the final results.

THE POTATO SPLASH

The splash was when you dropped your potato into a bucket full of water and three judges scored your splash out of ten.

The splash was fun because you got wet if the potato was large. Some people's potatoes got ruined and others were just fine.

THE POTATO TOSS

The Potato Toss is when you throw a spud underarm into the air. It was measured from where it hit the ground. The aim was to throw your spud as far as possible. Whoever threw their spud the furthest won.

The potato toss was a fun and exciting activity with some people accidentally throwing their potato backwards.

1-2-3 Magic and Emotion Coaching

A Parenting program to create a more peaceful household, less arguing and fewer angry moments.

Centacare, Warrnambool

Great Interaction between parents

Easy to follow strategies

More Confidence

1-2-3 Magic and Emotion Coaching program is an easy to learn, easy to use, down to earth parenting program to help parents gently and firmly manage the behaviour of children in the 2-12 year old age range. The program aims to help parents gain practical tips on how to get children to:

- stop doing the things that drive parents crazy like arguing, fighting, yelling etc.
- start to do things parents want children to do
- develop children's emotional intelligence

1-2-3 Magic provides parents with strategies to sort between different types of behaviour and use less talk, less emotion which lessens both parent and child feelings of emotional stress and helps children to understand and better manage their emotions.

To mark National Skin Cancer Action Week (November 15–21), SunSmart is asking Victorian secondary school students to create one powerful image to promote the message:

UV. It all adds up.

Ultraviolet (UV) radiation damages unprotected skin. And it just keeps adding up. It doesn't matter if it's deliberate tanning or unintentional exposure, the more time you spend unprotected in the sun, the greater your risk of skin cancer. The good news is that using a combination of sun protection measures (covering clothing, sunscreen, broad brimmed hat, shade and sunglasses) can reduce your risk.

The challenge: SunSmart is looking for one striking photographic image to communicate the UV. It all adds up message to young Victorians.

To enter, students must submit:

- One photographic or mixed media image. While not an essential requirement for entry, images can be annotated with slogans and catch phrases.
- Brief title for the entry.
- Accompanying artist statement (max 300 words) describing the intent of the photo and its linkage with the UV. It all adds up theme.
- Signed parent consent form available at sunsmart.com.au

Judging criteria: A show stopping photo that best conveys the message UV. It all adds up to young Victorians and inspires them to use sun protection measures.

As John Steinbeck, Nobel Laureate in Literature, wrote: "No man really knows about other human beings. The best he can do is to suppose that they are like himself."

Getting to know another person, especially one from a different culture, can be exciting, challenging, and has its unique benefits. Department of Education-registered Southern Cross Cultural Exchange is providing a unique experience to help your children and family learn through bridging cultures, grow closer with one another, understand one another better and see the world in a new light.

International exchange students from France, Germany, Italy, Japan, Finland, Denmark and Sweden are arriving in Australia to live as a local with volunteer Australian families and attend a local secondary school. The students, aged 15 – 17, arrive from February 2016 for 3, 5, or 10 months and are fully insured, with their own pocket money. If you have a spare room or bed, and a place at the family table, why not be the "heart" of cultural exchange by becoming a volunteer host family?

Expand your world for the whole family – all without any air tickets. Call S.C.C.E. now on 1800 500 501 or email scceast@scce.com.au or visit www.scce.com.au and ask for our incoming student profiles, choose the nationality you prefer, and start having fun matching up your hobbies and interests.

Capture the spirit of fun and friendship, and build your global cultural network. After all, it is different cultures that make the world go 'round at the end of the day.
