## School profile statement

At Baimbridge College we support the rights of all members of the school community to be provided with and engage in a safe, inclusive and supportive learning environment. This extends to the use of digital tools and online communities and is underpinned by our expectation of safe and responsible behaviour of all members of the school community.

At our school we:

- have a **Student Engagement Policy** that states our school's values and expected standards of student behaviour, including actions and consequences for inappropriate online behaviour
- educate our students to be safe and responsible users of digital technologies. (Include any specific programs or approaches the school undertakes.)
- raise our students' awareness of issues such as online privacy, intellectual property and copyright
- supervise and support students when using digital technologies within the classroom and establish clear protocols and procedures when working in online spaces including reviewing and considering the safety and appropriateness of online tools and communities:
  - o Bullystoppers Duty of Care and Supervision ([www.education.vic.gov.au/about/programs/bullystoppers/Pages/prindutycare.aspx](http://www.education.vic.gov.au/about/programs/bullystoppers/Pages/prindutycare.aspx))
- provide a filtered internet service but acknowledge that full protection from inappropriate content can never be guaranteed
- respond to issues or incidents that have the potential to impact on the wellbeing of our students including those reported through online services
- know that some online activities are illegal and as such we are required to report this to the appropriate authority
- support parents/guardians to understand safe and responsible use of digital technologies, potential issues and the strategies that they can implement at home to support their child; providing this Acceptable Use Agreement and current information from both the Department of Education and Training and Cybersmart:
  - o Bullystoppers Parent Interactive Learning Modules ([www.education.vic.gov.au/about/programs/bullystoppers/Pages/parentmodules.aspx](http://www.education.vic.gov.au/about/programs/bullystoppers/Pages/parentmodules.aspx))
  - o Parents Cybersafety guide ([www.cybersmart.gov.au/Parents.aspx](http://www.cybersmart.gov.au/Parents.aspx))

## Student declaration

When I use digital technologies and the internet I agree to be a safe, responsible and ethical user at all times, by:

- respecting others and communicating with them in a supportive manner; never writing or participating in online bullying (e.g. forwarding messages and supporting others in harmful, inappropriate or hurtful online behaviours)
- protecting my privacy; not giving out personal details, including my full name, telephone number, address, passwords and images
- protecting the privacy of others; never posting or forwarding their personal details or images without their consent
- talking to a teacher or a trusted adult if I personally feel uncomfortable or unsafe online
- talking to a teacher or a trusted adult if I see others participating in unsafe, inappropriate or hurtful online behaviours
- carefully considering the content that I upload or post online; knowing that this is a personal reflection of who I am and what people think of me
- investigating the terms and conditions of use (e.g. age restrictions, parental consent requirements) and if my understanding is unclear seeking further explanation from a trusted adult
- confirming that I meet the stated terms and conditions and completing the required registration processes
- handling ICT devices with care and notifying a teacher of any damage or required attention
- abiding by copyright and intellectual property regulations; requesting permission to use images, text, audio and video and cite references where necessary
- not downloading unauthorised programs, including games
- not interfering with network systems and security, the data of another user or attempting to log into the network with a user name or password of another student.

In addition, when I use my personal mobile devices (including my phone) I agree to be a safe, responsible and ethical user at all times, by:

- respecting the privacy of others; only taking photos or recording sound or video when others are aware and formal consent has been provided as part of an approved lesson
- respecting others and communicating with them in a supportive manner, including outside school hours and in social contexts by not making harassing phone calls/text messages or forwarding on messages
- obtaining appropriate (written) consent from individuals who appear in images or sound and video recordings before forwarding them to other people or posting/uploading them to online spaces.

## 1-to-1 personal devices

### Ownership

- The device is owned by the parents/student but is made available for use as part of the school learning program.
- Parents/students should be aware that files stored on the device are private but may be publicly accessed as part of learning programs.

### Software and access

- The school will provide information about standard software programs and applications required for installation on personal devices and will advise when new software or applications need to be purchased.
- Parents are responsible for purchasing and installing new programs on personal devices. Parents are advised to set up a separate family account (not use their own accounts) to manage purchases for their child's device.
- The school will provide access to some software and applications through e.g. eduStar [www.edustar.vic.edu.au/catalogue/Pages/SoftwareHome.aspx](http://www.edustar.vic.edu.au/catalogue/Pages/SoftwareHome.aspx) There is no cost for this access.

### School Support

Support **will be** provided for:

- connecting the device to the school network, internet and other digital technologies
- set up and management of school, student email accounts
- all school-based software and associated issues with school applications.

Support **will not** be provided for:

- connecting to home networks, the internet, printers, or other devices
- personal email accounts and settings
- software issues
- hardware issues.

### Damage or loss of equipment

- Parents are responsible for making sure the device is covered under their insurance, so that it can be replaced if lost or damaged and student learning is not interrupted.
- The school must be notified if the device is damaged or lost so that a student's learning program is not interrupted whilst being replaced.

### Student Responsibilities

Students are responsible for:

- bringing portable devices fully-charged to school every day
- ensuring the device has appropriate virus protection
- backing up data securely
- carrying their device in an appropriate protective case at all times
- adhering to this Acceptable Use Agreement when using the machine, both at home and at school, including during lunchtime or when not in the classroom.

# Acceptable Use Agreement

## INFORMATION

We seek your consent for your child to use any of the above stated online services as sensitive information may be collected about your child. While the majority of information is stored within Australia, Yammer will store information outside Australia. The information is also subject to that country's jurisdiction.

This consent is to be read in conjunction with the following additional information:

- a) Microsoft Office 365 factsheet

### What we need from you

Whilst we are keen to see whole classes experience the benefits of online services, if you do not provide consent, your child will not have access to the online services and alternate arrangements for allocating work will be made.

### Parental access

You can access personal information held by the Department of Education and Training (Department) about you and your child under the *Freedom of Information Act 1982 (Victoria)*. If a mistake in that personal information is identified, the Department is required to correct it under the *Privacy and Data Protection Act 2014 (Victoria)*.

### Providing a safe environment

As with all online activities, use of online services will be subject to classroom supervision during school hours. A 'Report Abuse' facility will be provided for students to report unacceptable behaviour. A nominated member of staff will address the issue **during school hours**.

To further assist your child in having safe and positive experiences online, you can refer to Parent information on the Australian Government's Stay Smart Online website:

<https://www.esafety.gov.au/>

## Student responsibilities

When using all digital technologies, students continue to be responsible for their behaviour as outlined in our school's Students Acceptable Use Agreement. The main themes of this agreement are:

- Communicate respectfully;
- Protect personal information; and
- Look after yourself and others.

### About Privacy

Protecting your child and your privacy is important. Your child's, your and your family's personal and sensitive information may be collected, used, stored and disclosed as part of your child utilising online services in the classroom. It is important that you read how this happens with respect to each online service in the additional information provided.

### Consent for student use of online services

By signing and returning this form you confirm that:

- You have received and read this Online Service Privacy Information and Consent Form and the additional information.
- You understand how your child's personal information will be collected, used, disclosed and managed.
- You understand that this consent will continue while your child is involved in the use of the consented online services.
- You understand that this consent on behalf of your child may be withdrawn at any time in writing.
- You understand that if the school determines that the personal information is no longer required or relevant, the use of the personal information will cease.

How can you make sure that your child can use Office 365 safely?

<b>Microsoft Office 365 offers your child:</b> <ul style="list-style-type: none"><li>• Microsoft Exchange: Email, use the calendar and set meetings with anyone with an email address.</li><li>• Lync: Talk online to other students, using instant messages, voice chat and video chat.</li><li>• SharePoint: Access school intranet and class site anywhere anytime.</li><li>• OneDrive for Business: Share documents with other students and teachers.</li><li>• Microsoft Office: Complete class work and assignments using Word, Excel, PowerPoint and OneNote.</li><li>• Yammer: Post pictures, post comments and chat with other students and teachers.</li><li>• Office Video: Post videos to all Victorian school students.</li></ul>	<b>To ensure a safe experience, your child:</b> <p>SHOULD NOT</p> <ul style="list-style-type: none"><li>✗ Make friends with strangers online</li><li>✗ Talk about where he/she is or share telephone numbers anywhere online</li><li>✗ Share his/her passwords</li><li>✗ Post, save or share anything about his/her and other people's private information</li><li>✗ Bully others online</li><li>✗ Put up with cyber-bullying</li></ul> <p>SHOULD</p> <ul style="list-style-type: none"><li>✓ Think before putting anything online</li><li>✓ Use apps for school work only</li><li>✓ Learn that not everything on the Internet is true</li><li>✓ Know what to do if he/she is being bullied</li><li>✓ Learn that information on school apps can be seen by other people</li></ul>
--	---

**How you can help:**

- ✓ Remind your child of his/her SHOULD and SHOULD NOTs
- ✓ Talk about your child's online activity, just like school and sports
- ✓ Teach your child what other people should not be saying to them
- ✓ Know who your child interacts with
- ✓ Supervise your child's access when not at school
- ✓ Make sure your child knows that it is safe to come and talk to you
- ✓ Remind your child that all his/her school apps are monitored by teachers and principals
- ✓ Contact the school if you suspect that something is wrong

## Microsoft Office 365 factsheet

### What it is

Office 365 is an internet based service, delivered by Microsoft, with the potential to provide students with access to improved email, calendar, document sharing, blogging and video-conferencing facilities from school, and at home.

Office 365 is for educational purposes only. It allows students to share documents online, submit work, send email and instant messages and join video-conferences. Our school will use Office 365 to provide information such as school daily news, school and class calendars and tasks as well as educational resources.

Students will use Office 365 tools from the school portal. Once they log in to the system they will have access to school information and to their class sites if these are used.

---

### How is information collected and stored?

If your child uses Office 365, personal information such as their name and schoolwork (which may include photographs and recordings) may be collected by the system and stored on databases outside Australia.

Office 365 is being deployed to provide students with access to improved email, calendar, document sharing, blogging and video-conferencing facilities both at school and at home.

---

### How do we intend to use the information?

School staff may access your child's personal information kept on Office 365, as part of the school's usual duty to monitor student work and to support the safe and appropriate use of equipment and systems for all students.

---

### How is the information disclosed?

If personal and sensitive information is disclosed in any other way to other employees, contractors or agents of the Department, then the Department will remain responsible for protecting the information unless these people or organisations are required to comply with the *Privacy and Data Protection Act 2014 (Act)* or a law that is substantially similar to the Act. In some instances the Department may be compelled by other laws to disclose information held about you or your child to other bodies such as a court.

### What it is not

Office 365 is not for student records. No student address information, health, medical, behavioural or welfare information will be stored in Office 365. Office 365 is not to be used for your child's personal activities and must be used in accordance with his/her school's Acceptable Use Agreement.

### Benefits of using Office 365

Office 365 provides the potential to improve the way our staff and students create, share and collaborate with each other, and the potential to communicate with staff and students at other Victorian Government schools.

### Risks of using Office 365

While the school aims to protect your child's information to the best of its ability, your child's personal and sensitive information may be shared with their peers and between schools, the same as on the internet.

The benefits of Office 365 outweigh the risks, in today's age. As such, we encourage you to talk to your child about acceptable use of Office 365.

### Protecting student information in Office 365

Before deciding to use the services, the Department undertook a privacy and security risk assessment and has a detailed arrangement with Microsoft that sets out how information will be protected. The arrangement means that:

- Microsoft will only use information it holds to provide the services to the school; it will not use it for other purposes such as marketing activities or analysing student use of the services.
- Microsoft will only disclose information to other parties where needed to provide the services or where required by law.
- The school, the Department and your child can retrieve information at any time.
- If the agreement between the Department and Microsoft ends, Microsoft will provide access to the information for 90 days and after that will delete all the information.

Further information on how Microsoft protects privacy can be found at the Microsoft Trust Centre for Office 365. Refer
